What can this app do?

VAT statement report localization for Luxembourg is an app enabling the printing and printing-preview of the Luxemburgish VAT statement which has been parametrized by yourself or your partner by using the app VAT statement preview localization for Luxembourg.

Every company based in Luxembourg and subject to a monthly or quarterly VAT statement must submit a VAT statement through the eCDF System. The Luxemburgish VAT statement is quite complex and requires distinguishing a lot of different VAT transactions but also to summarize values in different ways.

With this app, you can print the VAT base- and tax-values according to the parametrization you have done and subject to the regulations by using the app VAT statement preview localization for Luxembourg.
